

DEVICE BOX COVERS FOR WET LOCATIONS

Calbrite®

A PART OF **atkore**
INTERNATIONAL

Calbrite® weatherproof device box covers and in-use covers are designed to provide protection to electrical circuits, wet locations and harsh environments. These heavy duty covers are made with type 316 stainless steel and polished with Calbrite's "brite" finish to increase corrosion resistance and aesthetic appearance. Each cover includes a neoprene gasket and can be mounted to all Calbrite® stainless steel device boxes.
