

# STAINLESS STEEL TYPE 316 DROP-IN ANCHORS

## Features:

- Manufactured in type 316 stainless steel to meet stringent sanitary conditions
- Polished to a bright, easily maintainable finish that is modern, attractive, easy to clean, and that also enhances the surface's resistance to pitting & bacterial corrosion
- Internally threaded anchor allows easy bolt removability and service work
- Standard NPT threads allow for trouble-free installations
- Shallow embedment depth with high performance
- No package qty. required

## Applications:

For use in structural fastening. Internally threaded, flush-mounted.

## Industries Commonly Served:

- Food & Beverage Production & Distribution
- Transportation and Infrastructure
- Water & Wastewater Treatment
- Pharmaceuticals & Cosmetics
- Chemical and Petrochemical
- Pulp & Paper Mills
- Marine & Coastal Facilities
- Along with other corrosive environments

Part Number	Anchor Size (in)	Hole Diameter (in)	Embedment (in)	PSI	Tensile Strength	Shear	Thread Depth (in)	Anchor Length (in)	Weight per 100 (lb)
