

STAINLESS STEEL COUNTER-SUNK HEX HEAD PLUG

Features:

- Manufactured in type 316 stainless steel to meet any stringent sanitary condition
- Polished with standard “brite” finish to increase corrosion resistance and aesthetic appearance
- No package quantity required

Applications:

To plug or close outlets on conduit fittings, and to dead end conduit runs with use of couplings.

Part Number	Trade Size (in)	A (Allen Wrench/ Hex Key) (in)	B (in)	C (in)	OD (in)	Weight per each (lb)
